Colored Add ups Etc

# TERMS AND CONDITIONS

## GENERAL INFORMATION

- ◆ **Digital Commissions** are all done in ClipStudio Ex. The client will receive a .jpeg file in RGB and 200 dpi unless asked differently.
- ◆ If the client wants the working file he/she will have to **pay** the corresponding fee. (The specific amount depends on the size of the file).
- ◆ The artist will keep the right to **share** the final product in her social media and **use** it as a sample piece and/or portfolio piece.
- ◆ The artist will do **only** the products sampled previously. Any special project will be discussed separately.
- ◆ The artist will not do any job that “**imitates**” someone else’s style or work. Please reconsider using your money to pay the actual artist, instead.
- ◆ Once the layout, sketch and color comp is approved, the artist will work **straight** to finish the picture. If **asked** the artist will provide previews of the process.
- ◆ Client will have up to **3 correction** opportunities to change anything in the drawing. Said corrections are not cumulative. Once the drawing is approved for final renders **no more** corrections will be taken regardless there are corrections left or not were made before hand.

# TERMS AND CONDITIONS

## DRAWING OC'S

- ◆ Drawing OCs will require a **clean and defined** reference of the character. If the referent isn't clean, is a sketch, or lacks of key details such as full body design or at least one extra angle, it'll be **rejected**. If needed the artist will take free license to adjust the character's design in order to finish the illustration.
- ◆ If the client wishes the artist to design more than **40%** of the character the commission will be taken as **Character Design**, therefore it'll be charged as that.
- ◆ Character design includes the elements displayed in the **sample** (Rendered front view, flat colored back view and color palette). Any extra element will have an **extra fee** added to the final price.

# **TERMS AND CONDITIONS**

## **PAYMENT AND REFUNDS**

- ◆All prices will be added the paypal transaction fee which will be detailed in the invoice.
- ◆An invoice with all the information of the project will be sent to the client. If the client requests more than one(1) type of commission the artist will issue one invoice per each project.
- ◆Payment is beforehand or half and half in case the client can't pay it all upfront.
- ◆Payment will be required once the invoice is sent. If right after the client finds themselves unable to pay or decides to cancel the commission the invoice will be cancelled.
- ◆Once the client approves the invoice and the payment is sent the artist will proceed to start working on the commission. If the client decides to cancel the commission a refund will be made with a percentage discounted for the hours of work still invested:

**Sketch and Layout done: done 80% Refund**

**Inks and Colors half way done: 50% Refund**

**Renders halfway done: 30% Refund**

**Final picture done yet not accepted: 10% Refund**
